

Are you the parent or carer of a child with a genetic neurodevelopmental condition?

Monday, 25 May 2026 | 10AM – 1PM

Join us for a half-day workshop to help shape a digital tool for other families as they learn about their child's genetic diagnosis.

- You are the parent or carer of a child with a diagnosed genetic neurodevelopmental condition*;**
- You are aged over 18 and**
- Your child is of any age (including adult children)**

Your insights could help us create a practical tool with balanced information:

- Highlighting both strengths and potential challenges;
- To support an informed and hopeful path forward.

*Examples of genetic neurodevelopmental conditions include Fragile X Syndrome, Angelman Syndrome, Prader-Willi Syndrome.

What's included:

Snacks and lunch included and \$180 gift card for your time

Location:

MDAA Head Office, 10-12 Hutchinson Street, GRANVILLE NSW 2142, AUSTRALIA
